EMAIL ADDRESSES

A common member questions are “What is AIPG and the Section doing for me?” and “What’s going on?” Increasingly, the answers to these questions are provided electronically, which means that the Section needs your current e-mail address. Meeting announcements, job announcements, the Newsletter, legislative alerts, and Section votes are being provided electronically because it is much faster and cheaper. If you haven’t been receiving Section messages, it’s because the Editor, the keeper of the Section’s e-mail list, doesn’t have your e-mail address. If you want this information, you have to provide us with a current e-mail address. Please email hmarsh@dlz.com with your email address. Thank You!
